Attachment: Replacement Sheets

### **REMARKS**

Claims 1-5 and 7-19 are now pending in the application and have been allowed. The Examiner is respectfully requested to consider the amendments and remarks contained herein.

### **DRAWINGS**

Applicant submits herewith drawings (Figures 1-8) that were unintentionally omitted from the Response to the Office Action dated March 21, 2008 submitted to the USPTO on June 9, 2008. As stated in the response filed June 9, 2008, cross-hatching has been added for the shaft and housing in Figures 1-8, as described in the specification. Accordingly, Applicant respectfully requests that the Examiner consider the attached replacement sheets and that they be printed with the issued patent once the appropriate issue fee has been paid.

### **CONCLUSION**

Prompt and favorable consideration of this amendment is respectfully requested. If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,

Dated: February 6, 2010
